

Tax representation

PRINCIPLE

Any company established outside the European Union conducting transactions liable to VAT in a European Union Member State is required to appoint a tax representative in that State to perform its tax administration formalities.

THE ROLE OF A TAX REPRESENTATIVE

The tax representative handles all VAT formalities in the target countries on behalf of its clients.

Identification

Handles all VAT registration formalities.

Analysis

Checks flows and verifies invoices.

Contact person

Single point of contact between you and the local authorities.

Declarations

Preparation and filing of VAT and customs declarations (DEB/Intrastat and DES).

Assistance

Assistance for a tax or customs inspection.

|

WHY CHOOSE ASD GROUP?

Specialised in intra-Community VAT exchanges, we put our experience at your service for daily assistance and to safeguard your transactions.

The best possible support

As a tax representative, we handle all your VAT and related tax formalities.

Specialists at your service

With our network of 30 offices worldwide, you can benefit from a team of tax specialists specialised in intra-Community VAT who will support you through all your procedures.

Regulatory monitoring and compliance

We oversee your formalities by identifying applicable amendments to VAT regulations in your target countries, to inform you of any changes.

Control and security

Our special tools control flows and set thresholds to keep your transactions secure.
