

# IMPORT/EXPORT OF EQUINES

## NEW CUSTOMS FORMALITIES

With Brexit, **the rules for transporting equines between the European Union and Great Britain have changed.**

- Each movement is subject to customs formalities.
  - ✓ Imports or exports for the purchase or sale of equines.
  - ✓ Temporary imports or exports.
- Live animals or products of animal origin are **subject to veterinary control when crossing the border.**

## DO YOU TAKE YOUR HORSES VIA EUROTUNNEL OR THE PORT OF CALAIS?

ASD Group is there to welcome you. **In order to ensure the well-being of the animals,** everything is prepared before you arrive so they spend as **little time as possible in transit.**

## FIND OUT MORE ABOUT THE FORMALITIES

For more information on the customs formalities to be observed and the documents to be provided during the controls, please contact our experts.

## WHY ASD GROUP?

With over 20 years' experience in customs and tax formalities, ASD Group can help with all your international dealings.

Since 1 January 2021, we have been working in Calais to assist you with customs formalities and SIVEP controls for SPS products.

ASD Group also enjoys **Authorised Economic Operator (AEO) status**. This European customs trust mark makes international trade simpler and more secure.

## WHY CALAIS?

The Port of Calais is the only point of entry with an animal station, although the Calais Eurotunnel site, which is open only to equines, does have boxes in a dedicated area.
