

CARRIERS, IMPORTERS AND EXPORTERS ***Simplify and secure your customs clearance at the border ****

With ASD Customs, the online platform for managing and handling your customs clearances!

TIME SAVING

The waiting time for vehicles parked at a customs stop is considerably reduced.

SAVINGS

According to data from professional organisations, the average cost of waiting for a vehicle is €1 per minute.

CENTRALISATION

All customs procedures and documents are grouped in a single interface.

COMPLIANCE

You ensure that your customs declarations are compliant.

ANTICIPATION

Anticipate customs declarations and customs controls.

MULTI-OPERATORS

Optimisation of all your electronic exchanges with stakeholders (customers and logistics providers).

ASD CUSTOMS, THE APPLICATION THAT SPEEDS UP YOUR CUSTOMS CLEARANCE

Central management of all your documents

You will be able to upload all the documents related to your different customs operations and retrieve them at any time. **This saves a considerable amount of time during inspections.**

Collaboration among all operators

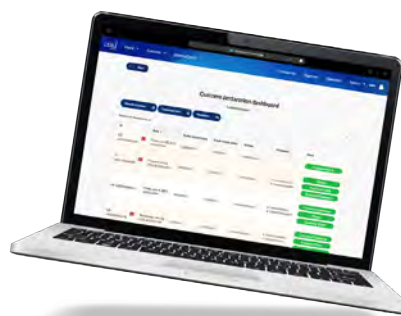

With all relevant stakeholders (logistics, accounting, carrier, and customer) having access to our platform, **the collection and compliance of mandatory documents are simplified.**

Optimised global view for monitoring each operation

ASD Customs is a **tool for centralising your customs operations and customs document management.** All this with the aim of offering you a global visibility which allows you to focus on essential matters.

Faster controls thanks to our ASD Smartline mobile application

Associated with our ASD Smartline mobile application, the ASD Customs platform speeds up and facilitates border control by providing better real-time support.

With ASD Customs, your border crossings are made faster and smoother. You can avoid long queues and customs stops!

ASD CUSTOMS FEATURES

- ✓ Management, storage, and archiving of documents related to each procedure (packing lists, health certificates, SAD, CHED, import documents, export documents, T1, CMR, etc.).
- ✓ Collaborative management among different operators.
- ✓ Centralised and user-friendly dashboard.
- ✓ History for each procedure.
- ✓ Step-by-step progress.
- ✓ Chat for each procedure.
- ✓ Notifications for each procedure.
- ✓ Regulatory watch alerts.
- ✓ Automatic data exchange with customs authorities.
- ✓ Detailed declarations (destination customs office, vehicle registration, etc.).

* On French ports benefiting from Brexit SI flows such as Calais Port/Eurotunnel, Dunkirk and Caen, Cherbourg, Boulogne-sur-Mer, Roscoff, Le Havre and Saint-Malo, ASD Customs also simplifies and secures border crossings for other French ports not covered by Brexit SI: Saint-Brieuc, Brest, Lorient. For containerized import/export by sea: Le Havre and Marseille Port. For air customs clearance: Lyon Saint-Exupéry Airport and Rennes-Bretagne Airport. For «SI Brexit UK Connected to GMVS System» ports: full round trip flows.

For departures from your locations and other sites, please contact us.
